WARNING

Children should not use unsupervised

Do not stand on the Monitor Stand

Take care when assembling

FAILURE TO COMPLY WITH OR OBSERVE ALL ASSEMBLY, SAFETY, AND OPERATION INSTRUCTIONS REGARDING THE USE OF THIS PRODUCT MAY RESULT IN **PROPERTY DAMAGE** OR **BODILY INJURY**.

- This document contains important safety regulations. Any non-conforming use may result in personal injury or mechanical damage.
- Please read this user manual carefully before use as it provides key information about safety, use, and assembly of the **Simulator Monitor Stand**
- Ensure that you have received all parts according to the part checklist prior to installation. If any parts are missing or faulty, contact the GT Omega support team for replacements.
- **Do not** over tighten the screws during installation.
- This product contains small items that could be a choking hazard if swallowed. Keep these items away from children.
- This product is designed for indoor use only. Using the product outdoors could lead to product failure and personal injury.
- Alteration or modification of any factory components outlined in the checklist will automatically void your warranty.
- Place the **Simulator Monitor Stand** away from corrosive gas, water and dusty environments.

The **Simulator Monitor Stand** is designed for indoor use and dry work areas only. Under no circumstances does the manufacturer accept warranty claims or liability claims for damages caused from improper use or handling.

WHAT'S IN THE BOX

Please check that all parts are included. If any parts are missing, contact our Customer Support team before starting assembly.

READING THE PART CODES

40-80-720

Profiles: a 40 × 80 mm aluminium profile, 720 mm long. All profiles share the same cross-section, so check the length to tell them apart.

M8*16

Screws: M8 thread, 16 mm long. Similar screws look alike, so match the code before use.

Before you begin: The Single Screen and the Multiple Screen configurations follow different assembly steps, so please make sure you're following the correct section of these instructions to suit your stand.

SINGLE SCREEN

Please note: The following pages are the build instructions for the Single Screen configuration. For Multiple Screen configuration please head to **Page 6**.
